Contractor, by signing this contract and/or delivering items or services ordered under this contract, agrees to comply with all the Ts&Cs and all specifications and other documents that this contract incorporated by reference or attachment. Sandia hereby objects to any Ts&Cs contained in any acknowledgment of this contract that are different from or in addition to those mentioned in this document. ASSIGNMENT

Contractor shall not assign rights or obligations to third parties without the prior written consent of Sandia. However, Contractor may assign rights to be paid amounts due or to become due if Sandia is promptly furnished an executed Assignment of Payments form. Administration of this contract may be transferred from Sandia to the United States (U. S.) Department of Energy/National Nuclear Security Administration (DOE/NNSA) or its designee, and in case of such transfer and notice thereof to the Contractor, Sandia shall have no further responsibilities hereunder.

BANKRUPTCY

If the Contractor enters into any proceeding relating to bankruptcy, it shall give written notice via certified mail to the Sandia Contracting Representative (SCR) responsible for this contract within five (5) days of initiation of the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing of the contract numbers for which final payment has not been made.

CANCELLATION OR TERMINATION FOR CONVENIENCE

(a) Sandia may cancel this contract, in whole or in part, if the Contractor fails to comply with any of the terms of this contract, or fails to provide adequate assurance of future performance. In that event, Sandia shall not be liable for any amount for items or services not yet accepted by Sandia.

(b) Sandia may terminate for the convenience of Sandia or the government this contract, in whole or in part, for any items or services not yet accepted by Sandia. In that event Sandia shall be liable for the purchase price of items or services already completed or identified to this contract but not yet accepted by Sandia.

(c) Contractor shall not be liable for delays in performance occasioned by causes beyond Contractor's reasonable control and without Contractor's fault or negligence.

(d) The rights and remedies of Sandia in this clause are subject to the Disputes clause of this contract.

If any such change causes a difference in the cost of, or the time required for performance, an equitable adjustment shall be made in the price and/or delivery schedule and other affected provisions. Such adjustment shall be made by written revision to this contract signed by both parties. Any claim for adjustment by Contractor must be made within twenty (20) days from the date of receipt of Sandia's change notice, although Sandia in its sole discretion may receive and act upon any

ORDER OF PRECEDENCE

Any inconsistencies shall be resolved in accordance with the following descending order of precedence: (1) Section I; (2) SF 6432-CS, Section II.

PAYMENT

(a) Firm-Fixed Price Contract. Unless otherwise provided, terms of payment shall be Net 30 days from the latter of: (1) receipt of Seller's proper invoice, if required, or (2) delivery of Items/completion of work. Any offered discount shall be taken if payment is made within the discount period that the Seller indicates. Payments will be made by electronic funds transfer. Payment shall be deemed to have been made as of the date on which an electronic funds transfer was made.

(b) Fixed-Rate Contract. Upon submittal of individual invoices or vouchers, and pursuant to the Allowable Charges Clause in Section I of the contract the Contractor shall be paid as follows: (1) The amounts computed by multiplying the appropriate fixed-rate, or rates, set forth in Section I by the number units performed. The fixed rates shall include wages, indirect cost, general and administrative expense and profit; provided; however, that the fractional parts of a unit shall be payable on a prorated basis. Invoices or vouchers may be submitted once each month (or at more frequent intervals, if approved by the SCR), to the SCR or SCR's designee. Unless otherwise specified in this contract, the fixed rate only applies to employees of the Contractor and not to employees of subcontractors performing subcontracts. For the purposes of this clause, employees of the Contractor are defined as individuals who are treated as its employees with respect to federal or state income or employment taxes to the extent such individuals are so employed and are so treated.

(2) Total time paid for Contractor's personnel chargeable to Sandia in those occupational classifications set forth in the clause of Section I of this contract entitled "Allowable Charges," and shall be recorded on readily verifiable time records. Each time record shall bear the name of the individual, occupational classification, dates, and hours worked, and shall segregate total hours worked between those hours worked hereunder, identified by reference to this contract and each suborder, if any, issued hereunder, and those hours worked on all other contracts. In addition, when work is performed on Sandia-controlled premises, the time involved shall be recorded on Sandia's form (or equivalent Contractor-supplied form acceptable to the SCR) which shall be certified by Contractor's representative and approved by a SDR as authorized by the SCR. (3) Unless provisions of Section I hereof otherwise specify, the fixed rates set forth in Section I shall not be varied by virtue of the Contractor having performed work on an overtime basis. If Section I provides rates for overtime work, the overtime work will be reimbursable at overtime rates only to the extent the overtime work is authorized in writing by the SCR and any nonauthorized overtime work will be reimbursable at the standard time rates. (4) Notice of Cost Approaching Ceiling Price. It is estimated that the total cost to Sandia for the performance of this contract will not exceed the ceiling price set forth in Section I and the Contractor agrees to use its best efforts to perform the work specified in Section I and all obligations under this Contract within such ceiling price. If at any time the Contractor has reason to believe the hourly rate payments and

material costs which will accrue in the performance of this contract in the next succeeding thirty (30) days, when added to all other payments and costs previously accrued, will exceed seventy-five percent (75%) of the ceiling price then set forth in Section I, the Contractor shall notify the SCR to that effect giving its revised estimate of the total price to Sandia for the performance of this contract, together with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to Sandia for the performance of this contract will be substantially greater or less than the then-stated ceiling price, the Contractor shall so notify the SCR, giving its revised estimate of the total price for the performance of this contract, together with supporting reasons and documentation. If at any time during the performance of this contract, Sandia has reason to believe that the work to be required in the performance of this contract will be substantially greater or less than the stated ceiling price, the SCR will so advise the Contractor, giving the then-revised estimate of the total amount of effort to be required under the contract and the ceiling amount shall be revised accordingly. (5) Limitation of Obligation (LO). Sandia shall not be obligated to pay the Contractor any amount in excess of the LO ceiling price set forth in Section I and the Contractor shall not be obligated to continue performance if to do so would exceed the LO ceiling price set forth in Section I, unless and until the SCR shall have notified the Contractor in writing that such LO ceiling price has been increased and shall have specified in such notice a revised LO ceiling which shall thereupon constitute the LO ceiling price for performance under this contract. When and to the extent that the LO ceiling price set forth in Section I has been increased, any hours expended and material costs incurred by the Contractor in excess of the LO ceiling price prior to the increase shall be allowable to the same extent as if such hours expended and material costs had been incurred after such increase in the LO ceiling price. (6) Reports. The Contractor shall furnish such progress reports and schedules, and such other reports concerning the work under this contract as the SCR may from time-to-time require. (7) Sandia may take contract or invoice prompt payment discount. (8) Discount time will be computed from the date correct invoice or voucher is received in the office specified in the contract, or date of completion of work under this contract, whichever is later. Payment is deemed to be made, for the purpose of earning the discount, on the date of mailing of Sandia's check. (9) Travel and Other Direct Costs. The Contractor shall be paid net invoice cost or charge for travel and other direct cost as provided in this contract subject to approval by the SCR of individual invoices or vouchers and pursuant to FAR Part 31 as supplemented by the Department of Energy Acquisition Regulation (DEAR) Part 931 in effect on the date of this contract. (10) At any time or times, as deemed necessary by the SCR or his designee but not later than three years after final payment under this contract, Sandia may validate the invoices or vouchers billed for labor, material travel and any other charges identified in the allowable charges clause of Section I of the contract. Each payment theretofore made shall be subject to reduction to the of amounts which are found by Sandia not to have been properly payable, and shall also be subject to reduction for overpayments, or to increase for underpayments, on preceding invoices or vouchers. Prior to final payment under this contract, the Contractor shall execute and deliver to Sandia a release in form and substance

SUBCONTRACTS

All subcontracts shall be made in the name of the Contractor and shall not bind nor purport to bind Sandia or shall not relieve Contractor of any obligation under this purchase order/contract. If Contractor subcontracts any work in the performance of this contract, Contractor shall incorporate into every such contract an appropriate set of Sandia Ts&Cs found at http://www.sandia.gov/working_with_sandia/procurement/current_suppliers/contractor_bidder/terms-conditions.html or may use the latest revision of SF6432-CI for the purchase of Commercial Items that are products or SF 6432-CS for commercial services, into any such subcontract.

SUSPECT/COUNTERFEIT ITEMS (S/CI)

Suspect/counterfeit items or services are a serious concern to Sandia because they present a potential threat to personal safety, equipment and system reliability and/or compliance with regulatory environmental standards. Failure of a safety or mission critical system due to an S/CI could also have security implications at DOE facilities. Notwithstanding other warranty provisions of this Contract, Contractor expressly warrants that all items provided under this Contract are suitable for the intended or specified use and that no suspect or counterfeit items, component parts or materials have been furnished or delivered to Sandia under this Contract. Unless otherwise specified in this contract the contractor shall purchase directly from product manufacturers or authorized manufacturer distributors.

Contractor's warranty also extends to labels and/or trademarks or logos affixed, or designed to be affixed, to items supplied or delivered to the Sandia. In the event that a suspect or counterfeit item, as defined herein, is identified and/or delivered to Sandia, Contractor agrees to comply with all requirements stated in this Clause.

Counterfeit Item: A counterfeit item is one that has been copied or substituted without legal right or authority or whose material, performance, or characteristics have been misrepresented by the vendor, supplier, distributor, or manufacturer.

Contractor shall only provide items and services that meet or exceed all requirements specified in this Contract including verifiable compliance with all applicable quality, safety and manufacturing standards including all U.S. Government or industry-accepted specifications and national consensus standards. Examples of such standards include, but are not limited to: Underwriter's Laboratory (UL) Listing, National Fire Protection Association (NFPA), Standard of Mechanical

Contractor shall have a quality assurance program that detects and prevents suspect/counterfeit items from being furnished or used in the performance of work under this Contract. If requested by Sandia, Contractor shall furnish a certificate of compliance with delivery stating that all items fully comply with all requirements of this Contract.

The Contractor may choose to identify to Sandia National Laboratories certifications held to applicable standards such as ISO/IEC 20243, *Mitigating Maliciously Tainted and Counterfeit products* or other similar standards, to satisfy this contract requirement. This can be completed by sending the certification to the Suspect/Counterfeit Items Program Coordinator at sqasci@sandia.gov.

In the event that the Contractor identifies or suspects that a suspect/counterfeit item may have been delivered under this Contract, Contractor shall immediately notify the Sandia Contracting Representative. Contractor shall document and provide all available information regarding any item or service furnished under this Contract that is suspected to be a suspect/counterfeit item, component, subcomponent part or material. Sandia shall impound the item(s). The Contractor may be required to replace such item(s) with item(s) acceptable to Sandia and shall be liable for all costs relating to the impoundment, removal, and replacement of the item(s). Contractor shall indemnify Sandia, its agents, and third parties for any financial loss, injury, or property damage resulting directly or indirectly from material, components, or parts that are not genuine, original, and unused, or not otherwise suitable for the intended purpose. This includes, but is not limited to, materials that are defective, suspect, or counterfeit; materials that have been provided under false pretenses; and materials or items that are materially altered, damaged, deteriorated, degraded, or result in product failure.

Detection of any or suspect/counterfeit item(s) leading to evidence of deliberate misrepresentation of any supplied item(s), including components, subcomponent parts or materials used in the item(s), may result in an investigation into the validity of certification, fraud, and/or forgery. Because falsification of information or documentation may constitute criminal conduct; Sandia will notify cognizant Department of Energy officials and the Office of the Inspector General.

Note: If this Contract provides for the use of credit cards, their use in no way relieves the Contractor from complying with all requirements of this Clause.
